

CHALLENGES, CHANGE AND CHOICES.

Sally Browne

Opportunities, current possibilities and strategies to be victors of change, not victims of change.

Sally believes success in business and in our personal life...happens by choice, not chance, and that we can achieve just about anything we focus on.

Sally's fascinating story will empower you to embrace change, enjoy challenge and to reach your full potential.

From building a multi-million dollar fashion empire, winning a myriad of awards for excellence in design and business leadership, to being a master of future trends in business, retail and consumer directions to working in Finland developing the first heart rate stress monitor and the twist in her journey from a gruelling schedule to juggling her business and 'mother of four' career, with an adventurous, philanthropic, meaningful life, this is a fascinating story.
